

Ola Harrysson, Ph.D.

Professor & Fitts Fellow in Biomedical Manufacturing, Co-Director of Laboratory for Additive Manufacturing and Logistics, Fitts Department of Industrial and Systems Engineering, North Carolina State University, Raleigh, NC

Dr. Ola Harrysson has been involved in biomodeling since 1997 when he was a Ph.D. student at the University of Central Florida. In January of 2002 Dr. Harrysson joined the faculty in the Fitts Department of Industrial and Systems Engineering at North Carolina State University as an Assistant Professor. His job was to help establish a well-equipped Additive Manufacturing facility and to develop courses and research programs in medical applications of AM. A new Center for Additive Manufacturing and Logistics is being established at NCSU by Dr. Harrysson and his colleagues to further expand the research effort in Additive Manufacturing and medical applications.
