

ADT : foundation

advancing digital technology in head & neck reconstruction™

Regional Leadership Groups

The ADT Regional Leadership Groups are being established to provide visioning sessions, presentations and discussion.

Aims of the ADT Regional Groups:

- Establish hardware and software guidelines and standards
- Devise inclusive business models that benefit both industry suppliers and practitioners
- Quantify and qualify measurement error
- Promote the development of open standards for data exchange
- Develop financial models that allow for digital technologies within the treatment program
- Provide knowledge transfer of available systems and technological trends
- Provide access to training resources, guides and training institutions
- Facilitate the development of other worldwide groups such that together we can inform the ADT globally

Regional Group Contribution: \$500 OR 10% of exhibit revenue generated at your Regional Meetings (*whichever is greater*). Additionally, all RLG members must be active Associates of the ADT Foundation.

ADT Foundation Provides

To achieve the goals of Regional Group Meetings, the **ADT Foundation** will:

- Provide the banner, branding and integrity of the ADT Foundation on future meetings
- Announce your meetings on the ADT Foundation website
- Promote your meetings with Email Campaigns, within the ADT fellowship and colleagues from previous ADT Congresses
- Post your meeting outcomes on the ADT Foundation website
- Our Global Industry Partners are encouraged to support ADT Regional Group meetings and offered discounted incentives to support your Regional Group programs. Offering global collaboration between professionals and industry partners to advance digital technology

Visit our **ADT Foundation** website: <http://www.adt-foundation.com/index.html> to review our Regional Groups web page, mission and global representation. The ADT Foundation thanks you for your kind consideration and support in the advancement of digital technology in head and neck reconstruction.

Respectfully,
ADT Foundation
